ANNOUNCES

GRADUATE ENGINEERS COURSE ON

“OPERATION AND MAINTENANCE OF TRANSMISSION AND DISTRIBUTION SYSTEMS”

(Duration: 26 Weeks)

WHY YOU SHOULD JOIN? The Indian Power Sector is growing very fast. According to the Report of the Sub Group on Manpower Planning, expected manpower requirement in the Power Sector during Xth Plan would be around 2.30 lakhs. Further, the amendment in the Indian Electricity Rules 1956, 2B have paved the way for Private Power Sector participation in Operation and maintenance of Electrical Power Transmission and Distribution System. This course is of 26 Weeks duration for those who desire to make a career in the power sector.

On successful completion of this course the Graduate Engineers will find good job opportunities and preference in employment with various power companies.

The aim of the course is to develop a pool of technically trained manpower readily available for recruitment to the Indian Power Sector in the area of Operation and Maintenance of Electrical Power Transmission and Distribution Systems.

About the course: - This is a unique course of 26 weeks duration being conducted in the country by NPTI only. The course covers training on Operation and Maintenance of Power Transmission and Distribution System. The course syllabus is Approved by Central Electricity Authority (CEA), Government of INDIA under Indian electricity rules 1956(2B) rule3.
